

Appendix

How do you say it in Indonesian?

This appendix contains a list of approximately 100 high-frequency English words with their Indonesian translations, covering a range of phrasal verbs and other idioms. It is, of course, not exhaustive. It aims to assist an English-speaking student who wants to know how to say or write a particular word in Indonesian. Experience in teaching has shown that it may be difficult to make a choice among the various renderings to be found in a dictionary, and there is often a tendency to be too literal when translating.

The method is to ask oneself: "What does this word actually mean?" When we reflect on this, several different meanings may present themselves, each with quite different translations into Indonesian. If you get it wrong, the results may be amusing or nonsensical! Of course, we encourage the learner always to double-check in a good dictionary, in order to survey all the possible forms. But in no circumstances should an electronic translation machine be used; as an experiment we looked up the English idiom "on the spur of the moment" – you know what that means ("without a second thought, spontaneously"), and certainly not the literal translation **di atas pacu saat**.

A final hint is to remember the subtle differences that may exist between colloquial and formal expressions, because we need to take these into consideration when choosing the best equivalent in good Indonesian.

Special thanks are due to Katherine Davidsen, Johansjah Sugianto and Linda Hibbs for reading this list and offering valuable suggestions.
